LETTER OF GUARANTEE

Headstart Nursery, Inc. in California is dedicated to providing high-quality vegetable transplants sourced from licensed breeders and producers. While we primarily use our own seed supply, we do allow customers to use their own seeds as long as they meet our quality standards.

We adhere to strict agricultural practices for handling and storing our products. All of our seed varieties can be traced back to the producer, variety, seed count, and lot number. We are happy to provide a copy of our OSP master for your review, and any production records can be made available upon request.

Regards,

Maria Alfaro
